DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Mark Boland on March 7, 2005.

The application has been amended as follows:

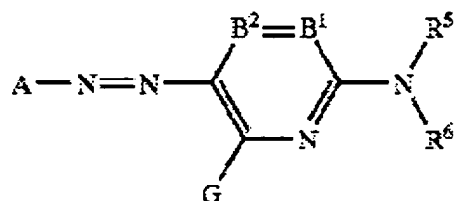

In claim 5, lines 2 and 3, the phrase "using the ink set for the ink jet recording as defined in claim 1" has been replaced with the phrase "ejecting ink from the ink set for ink jet recording as defined in claim 1".

In claim 6, line 1, the phrase "as defined in claim 5" has been deleted.

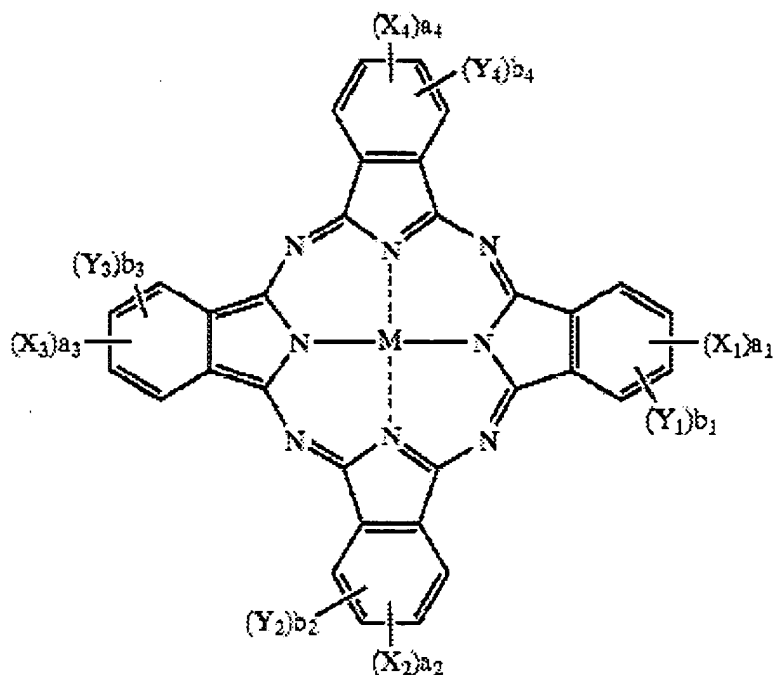

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: This application teaches an ink set for inkjet recording comprising a plurality of inks containing a dye, a water-miscible organic solvent and water wherein the ink set includes yellow, magenta, cyan, black and dark yellow inks and the dark yellow ink comprises at least one of a magenta dye of the formula

Art Unit: 1755

and a cyan dye of the formula

wherein the substituents are defined in the claims. The prior art of record generally teach ink sets comprising yellow (light and dark), magenta (light and dark), cyan (light and dark) and black inks but fail to teach or fairly suggest an ink set that contains a dark yellow ink comprising a combination of the magenta dye and the cyan dye of the above formulas as claimed by applicants. Accordingly, this application is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
